

DO YOU WANT HIGH DENSITY, LOW INCOME, URBAN INFILL HOUSING... *IN DANVILLE?*

Danville's 2030 Plan Needs to Change

- **KEEP OUR LOCAL CONTROL**
The current plan unnecessarily gives our local control into the hands of state bureaucrats and unelected regional groups like ABAG.
- **CHALLENGE HOUSING ALLOCATIONS**
Our Danville leaders need to stand-up for accurate development projections and limit urbanization of Danville.
- **REMOVE ONE BAY AREA PLAN, SAP & PRIORITY DEVELOPMENT AREA**
This disastrous environmental and housing language should not be a part of Danville's plan.

Let's Keep Danville a Town

The recently released 1,800+ page Danville 2030 General Plan, EIR & Sustainable Action Plan include badly written rules and policies that impact all of us and the future development of Danville for the next 18+ years. Let's take the time to get this right!

The current proposal will negatively impact our neighborhoods, open space and makes our downtown a Priority Dev. Area. It gives local authority to un-elected groups and obligates us to bad policies including the overbuilding of high density, low income housing.
